

ATI Physical Therapy Opens Second Clinic in Downers Grove

BOLINGBROOK, Ill. (June 30, 2017) - ATI Physical Therapy, the nation's largest physical therapy practice under one brand, announces further expansion into Illinois and its Downers Grove community with the opening of its newest clinic, located at 336-338 W. Ogden Ave. The Downers Grove-W. Ogden clinic will offer the community access to physical therapy, sports medicine and workers' compensation services from the nation's leading physical therapy provider.

Leading patient care at Downers Grove-W. Ogden Ave. is clinic director Alex Toeppen. Toeppen graduated from Maryville University with a Bachelor of Science in 2013, and a Doctor of Physical Therapy degree in 2015. He enjoys working with a wide range of patient groups and specializes in using manual techniques as well as functional exercises and therapeutic activities to return patients to optimal levels of function. Toeppen has taken several continuing education courses to enhance his knowledge and clinical skills in orthopedic pathologies and the overhead athlete. He is currently enrolled in a nationally-recognized program to become a Certified Orthopedic Manual Therapist. His clinical experience includes treating patients for pre and postoperative care, musculoskeletal pain, work hardening, and postural/body mechanics education for prevention of further injury. In his free time, Toeppen enjoys golfing, wood working, and spending time with his wife, family, and friends.

"ATI is excited to open its second location in the Downers Grove community," said Toeppen. "We look forward to expanding our footprint in this community by providing the highest quality of care to patients with varying levels of injuries. We encourage community members, physicians, former patients, families and friends to visit our new facility located at the intersection of Ogden and Fairview Avenue for their Physical Therapy needs."

ATI offers expanded hours and complimentary screenings, plus accepts virtually all major insurance carriers. Unique to the industry, ATI's dedicated in-house research department aims to improve patient outcomes through basic science, research and evidence-based medicine. This includes the ATI Patient Outcomes Registry, a collection of data that supports an innovative approach to physical therapy that improves awareness of patient outcomes and how the rehabilitative process can impact patients' quality of life.
