

ATI Physical Therapy Opens new Clinic in Wilmette, Ill.

BOLINGBROOK, Ill. (July 3, 2017) - ATI Physical Therapy, the nation's largest physical therapy practice under one brand, is excited to announce the opening of its first clinic in the northeast Illinois suburb of Wilmette located at 114 Skokie Blvd. ATI's Wilmette-Skokie Blvd. clinic will offer the community access to physical therapy, sports medicine and workers' compensation services.

Leading patient care at Wilmette- Skokie Blvd. is Clinic Director Katie Housam. Housam graduated from Purdue University in 2012 with a Bachelor of Science degree in General Health Sciences. She went on to earn her Doctor of Physical Therapy degree from Northwestern University in 2015. Housam enjoys working with a wide range of patient populations and specializes in vestibular, prosthetic training, as well as functional exercises and therapeutic activities to return patients to optimal levels of function. She has taken continuing education courses to improve her knowledge and clinical skills in orthopedic pathologies, joint mobilization, muscle energy technique, and vestibular pathology and treatment. Her clinical experience includes treating patients for pre and postoperative care, musculoskeletal pain, neurological conditions, preparation for work hardening, vertigo, prosthetic training, and postural/body mechanics education for prevention of further injury.

"ATI is excited to be part of the Wilmette community, offering its residents the best care and extraordinary results," said Housam. "We are dedicated to providing the highest quality of care to ensure the best patient outcomes and improved quality of life for all members of our community."

"The ATI experience is based on the principles of exceeding patient therapy and service expectations, so we are excited to have such an accomplished team in place to carry on our mission," added regional director, Richard Sebastian.

ATI offers expanded hours and complimentary screenings, plus accepts virtually all major insurance carriers. Unique to the industry, ATI's dedicated in-house research department aims to improve patient outcomes through basic science, research and evidence-based medicine. This includes the ATI Patient Outcomes Registry, a collection of data that supports an innovative approach to physical therapy that improves awareness of patient outcomes and how the rehabilitative process can impact patients' quality of life.

First appointments with all ATI clinics are scheduled within 24-48 hours, and early morning and evening hours are available to accommodate patient schedules. ATI accepts virtually all major insurance carriers, verifies patient benefits prior to the start of treatment and offers individualized payment plans.
